## Warranty

Sanli offers a market leading 5-year conditional domestic warranty program on its mowers. Its conditional based on having an annual service on the mower as per the logbook supplied with the products. The Dealer signs and stamps the logbook after each service which extends the warranty, much like how it works with servicing of cars.

Warranty doesn't cover wear and tear or consumable items i.e. oil, blades, filters, spark plugs or bag catchers.

Rowan can assist on anything warranty related and can be contacted on 0431 915 365 or support@sanli.com.au

This warranty program has the added benefit for our Dealers in driving service work to your workshop.

## Pricing structure & freight

Please see our pricing and Suggested Sell Prices. **We now offer free freight for full pallet orders to Vic, SA, NSW, ACT, TAS, SE QLD. You can mix and match all Sanli mowers & handhelds.** Less than full pallet orders freight will be charged at our cost. We can let you know the freight cost as required

## Shipping containers direct

Also available is shipping containers direct to your store. This is the most cost-effective way of buying product. Keeping in mind you get the best price plus you don't have any freight costs.

Mixed containers of mower models can be taken and the same with handhelds. Mowers and handhelds cannot be mixed as they come out of different factory locations.

|                          | Quantity   |
|--------------------------|------------|
| 20' Container of Mowers* | <b>138</b> |
| 40' Container of Mowers* | <b>355</b> |

*\*Container quantity is a guideline.  
For exact quantities & pricing please contact us.*

**Please contact your territory manager, Steve Zammit or Rowan Smith.**

## Support material

We have available brochures, A4 point of sale handlebar cards and Sanli corflute signs, your account manager will be able to give these to you or contact any of us as required. Our web site also has lots of product information [www.sanli.com.au](http://www.sanli.com.au)

Interested in purchasing a full container of mixed products? Please contact your rep, Steve or Rowan for more information.
